Members of the U.S. Saint Lawrence Seaway Development Corporation (SLSDC) workforce were recently honored by SLSDC Deputy Administrator Craig Middlebrook during a recognition ceremony held in Massena, N.Y. Corporation employees who have attained 'length-of-service' milestones for Department of Transportation (DOT) service and for Federal service were honored. These milestones were reached between June 2016 and June 2018. Some employees have more years of Federal service than DOT service because overall career service, which may include employment with other federal departments or time served in the military, is recognized for this award. Veterans comprise approximately half of the Seaway workforce.

The SLSDC is part of the U.S. Department of Transportation and is a major employer in the North Country area. The mission of the SLSDC is to serve the marine transportation industry by providing a safe, secure, reliable, efficient, and competitive deep draft international waterway, in cooperation with Canada, including performing trade development activities focused on economic development for the Great Lakes St. Lawrence Seaway System. The work performed by SLSDC employees keeps tens of millions of tons of cargo moving throughout the Seaway System.

The following SLSDC employees received recognition for their service:

Kevin Smith 5 years of DOT service Jeffrey Scharf 5 years of DOT service Carrie Rogers 5 years of DOT service Ronald McGregor 5 years of DOT service Kyle Hanley 5 years of DOT service 5 years of DOT service Lee Fregoe Kristine Condon 5 years of DOT service Matthew Cole 5 years of DOT service
